## Mightex Student Research Award

Mightex's Student Research Award is awarded to full-time undergraduate and post-graduate students as well as post-doctoral researcher, who are currently studying in educational institutions around the world. The winner must be engaged in scientific research and/or engineering development projects using product/equipment supplied by Mightex, and he/she must submit a novel video, photo, white paper or application note displaying the unique capabilities of Mightex's products in their research.

### About the Mightex Student Research Award

The Mightex Student Research Award winners will be awarded:

- A one-time cash award of USD\$500;
- With his/her video, photo, white paper or application note published on Mightex's website.

### Eligibility

The applicant must be:

- A full-time undergraduate or post-graduate student or post doctoral researcher;
- Studying in an educational institution anywhere in the world;

The video, photo, white paper or application note must demonstrate unique capabilities and will be judged by Mightex to whether the award will be awarded.

### How to Apply?

1. All applicants must complete this application form. The form must be signed by the applicant (i.e. the student), and co-signed by the student's advisor or an authorized official of the educational organization;
2. The following items must be submitted along with the application form:
  - The video, photo, white paper or application note demonstrating the unique capabilities of Mightex's product in your research.
  - If a video or photo is submitted, please include a description of how Mightex's products are being used in your research and what is occurring in the video or photo.

### Questions and Submission

Applicants are encouraged to contact Mightex if they have any questions. To submit your application, please go to the submission tab.
